University of Notre Dame 2013

BS - Computer Science

Current Title: Associate I

Web / App Developer

Proficient in English, Spanish, and French

Professional Experience

Pariveda Solutions

Associate I
July 2016 - Present

S&P Capital IQ

Senior Software Engineer
August 2013 - July 2016

University of Notre Dame

Software Engineer
Summer 2013

S&P Capital IQ

Software Engineer Intern
Summer 2012

University of Notre Dame

Research Intern
Summer 2011

Building Java based desktop application that provides users with real-time market data. App leverages HTML, CSS, JS for rendering UI and Java to handle data transfer / communication.

Created Android app that allows users to view and manipulate 3D OpenGL models leveraging the latest touch screen mobile technology.

Developed a C# script to parse through an ASP.NET page and convert it to a JavaFX doc. Also wrote a JS plugin to display real-time data on a dynamic HTML page.

Implemented an Android app that allowed users to take and submit photos with meta data to a MySQL database in order to crowd source information after natural disasters. The project utilized the user's phone camera and location services then uploaded the data via Java / PHP.

Proficient With

- Javascript
- Java
- jQuery
- HTML
- CSS
- Highcharts (Highstock)

Good With

- C#
- C / C++
- Python
- Android
- Unix Scripting
- Handlebars JS

Have Used

- Ember
- Angular
- Backbone
- Django
- Ruby on Rails
- PHP + SQL
